

DE DATA SUPPORTS VARIETY, THE CHILDREN'S CHARITY, FOR ITS FIFTH YEAR

14 June 2007 – Sydney-based software developer De Data Pty Limited is again proud to support Variety, The Children's Charity of New South Wales.

Variety, The Children's Charity is dedicated to improving the quality of life of children with special needs. It achieves its objectives by making grants throughout the year to individual children and institutions for special equipment, for instance, special types of wheelchairs, vocal output speech devices, prosthetic limbs, special play equipment and Sunshine Coaches to name but a few.

De Data's association with Variety extends from their Special Children's Christmas Party through to The Variety Circus Spectacular.

De Data Managing Director and founder, Frank De Palo, said "Being fortunate to have three healthy children, I like to offer more than my thoughts to families with special needs children. Seeing the pain and suffering that these families can endure day-in day-out, compels me to do more. I feel a personal gratification when I see the happiness and joy our small gesture brings to these children and their families for the day. I wish that this happiness and joy could last for more than a day."
